Police charged Way before Justice of the Peace Robert P. Snyder with failing to stop at the scene of an accident. He was confined to the county jail in default of bail, but later released when he posted \$500 bail.

According to police a 16-year-old student, Shirley Mae Kessel, Aspers R. 1, was driving a car owned by George Eckenrode, Biglerville, Sunday night, when a car struck her vehicle and continued without stopping.

Another Crash Reported  
Damage to the Eckenrode car was estimated at \$200.

Police began a search of the general area, looking for a car that would have damage to its left front and side. The quest led to the discovery of Way and the charge against him. Damage to Way's car was estimated by police at \$100. He is scheduled to appear at the August 28 term of court.

In an accident Saturday noon, reported by police today, cars operated by Robert Bollinger, 24, Mt. Holly Springs, and Mary Markle, 46, New Oxford R. 2, were damaged to the extent of \$400.

The directors agreed that the bureau will move into the new office from its present site, 154 E. Middle St., by August 1. Several locations were examined, but final decision was tabled until further investigation.

President William H. Musser Jr., presiding officer, disclosed that bureau membership now totals 142. The addition of new members was expected to lift that figure to 150 "by this weekend."

The directors also announced the completion of final steps to enroll the Adams County Credit Bureau as a member of the Associated Credit Bureaus of America, Inc.

## BUS COMPANY GIVES DEFENSE

Hanover - McSherrystown Bus Company, Inc., Hanover, today asked the Public Utility Commission to dismiss charges that the company failed to maintain adequate service and equipment.

The company contended its equipment is "safe, well-kept and adequate" for public use in its answer to a PUC order to show cause why its operating permit should not be canceled.

The commission said it undertook the investigation on a number of complaints and found that service has not been satisfactory.

The firm, whose certificate was suspended four times in the last two years for failure to comply with insurance requirements, served the Hanover-McSherrystown-New Oxford area of York and Adams Counties.

The PUC said the company satisfied its insurance obligations each time it was cited, but the public was inconvenienced during the suspension period when service was halted.

## EVACUATION OF WAR CASUALTIES TOLD TO ROTARY

How three 134-passenger Stratocruisers flew 6,200 casualties from Korea to the United States in two months was told by John C. Williams, Highland Ave., at Monday evening's meeting of the local Rotary Club at the YWCA.

Williams, now a reserve captain in the Air Force, served for ten years on active duty before being released from the service about a year ago and becoming a partner in the Shully and Williams wholesale produce establishment along the Lincoln Highway east of here.

A new member of Rotary, Williams gave his classification talk as a member Monday evening.

Was On ROTC Staff Here  
The air evacuation work with the Stratocruisers came shortly before his transfer to Gettysburg as an Air ROTC instructor here, a post he held for two years.

Williams told the Rotarians "the planes carried from 85 to 90 men on stretchers at a time. At that time the casualties from the Korean War were piling up in Japan and Korea. We found them on stretchers along railroad stations, because the hospitals were full. And we flew them out. There were two nurses to each plane and they had their hands full.

About ten to 15 per cent of the cases were 'psychos' and they didn't know what they were doing except that they didn't want to be in our airplane at that particular time. Sometimes it was necessary to station someone at the door with the biggest fire extinguisher we had just to discourage anyone attempting to get into the cockpit."

Williams, a native of Saxton, Pa., 80 miles from here, was one of a family of ten children. His father died when he was six and he was sent to Williamson Trade School, Philadelphia, a Quaker Boys school. When he graduated he went to Pittsburgh to become a bricklayer. He failed to find employment as such but friend of his "late father" took him in and taught him tool and die making.

In 1943 his brother, a B-17 pilot, returned on leave after having been in the fighting at Guadalcanal. Williams told the Rotarians, "When I saw my brother, I decided I was going to be a pilot too."

He entered the service and received his wings. Shortly after graduation he was named as an instructor for Chinese and Brazilian air cadets. "We couldn't speak to each other so we just drew pictures (Continued on Page 5)

## Here And There News Collected At Random

Postmaster General Arthur E. Summerfield has reported that mail fraud schemes are costing the American public over \$10,000,000 a year.

In discussing the record of postal crimes which resulted in 5,977 arrests in 1953, Mr. Summerfield said those most frequent were burglaries of post offices; holdups of mail custodians; and theft of mail.

Other frequently occurring crimes against the postal laws, according to the Postmaster General included the wilful destruction of rural mail boxes; the mailing of fraudulent lottery, and obscene matter and the raising and forgery of money orders and Postal Savings certificates.

One hundred and twelve postmasters and postal workers, a minute fraction of the more than one half million postal employees; handling a gross money turnover of over \$21 billion dollars in 1953, were arrested during the year for embezzlement of funds.

The investigation of postal crimes uses the time of about 200 of the 900 men in the Inspection Service who serve under the Bureau of the Chief Inspector in Washington, D.C. One hundred additional inspectors are now being added to meet the ever-increasing volume of work and to afford some relief to the constantly long hours of continuous duty served by the present staff.

Records of the inspectors to date show 99 per cent of all those arrested have been convicted, Mr. Summerfield noted.

The Inspection Service, he pointed out, which goes back to the days of the first Postmaster General in colonial times, Benjamin Franklin, is the oldest of the Federal government law enforcement arms, and is charged with protecting the mail and investigating all postal crimes.

While the Inspection Service is constantly on the trail of mail swindlers and others violating postal law, Mr. Summerfield cautioned that the continuing tremendous losses through mail

## YOUNG FARMER SAYS HE SAW LION IN FIELD

Richard Waybright, Gettysburg R. D. farmer, became the most recent person to see what is believed to be a mountain lion in the Harper's Hill-Natural Dam area.

Waybright saw the animal Monday afternoon while working in a wheat field on the Waybright farms, near Marsh Creek, along the Pennsylvania-Maryland line, about a mile from Harper's Hill.

Waybright saw the animal about 100 yards away, leaped from the seat of the tractor he was operating, and ran to where he saw the animal, but by that time it had disappeared into neighboring woods.

## Crossed Wheat Field

The young farmer said the lion was crossing a small section of the wheat field cutting between two wooded areas. The animal seemed to be about 4½ feet long, with the tail almost as large as its body. He described its fur as "brownish and sort of orange" in color.

The animal was passing through wheat stubble about 18 inches high, according to measurements of the wheat made by Waybright after he arrived at the scene.

About a foot of the animal's body appeared above the wheat, and it was believed that it may have been crouching as it crossed the open field.

## To Organize Hunt

The report bolstered others from the general area, and residents of the section are planning a hunt as soon as some reports immediately upon seeing the beast. Waybright said he did not know what the animal was at the time, nor did he know of plans for the hunt.

Fred Green has placed posters in the area asking persons seeing the animal to report to him, or to Null's or Riley's stores at any hour of the day or night and a hunt will begin immediately.

## FARM BUREAU TOUR UNDERWAY IN THIS AREA

Approximately 50 Adams County farmers are taking part in a tour of Farm Bureau facilities in Central Pennsylvania today. Lester M. Shugart, Boiling Springs, the Pennsylvania Farm Bureau district manager, is in charge of the tour which will cover Harrisburg, Carlisle and Chambersburg.

Shugart explained the trip is designed to acquaint Farm Bureau patrons with the facilities "they own as a result of 20 years of cooperative enterprise." The tour, he added, is part of the 20th anniversary celebration of Pennsylvania Farm Bureau Cooperative Association, Harrisburg.

Traveling by automobile caravan, the farmers' first stop this morning was at Harrisburg where they toured the farm bureau headquarters and the regional offices of the Farm Bureau insurance companies.

Following the Harrisburg stop, the group visited the Farm Bureau hatchery and poultry breeding farm located near Shellsville, 12 miles east of Harrisburg. At noon, the farmers were served a barbecued chicken dinner at the farm bureau recreation area near the hatchery.

This afternoon the tourists were scheduled to go to Carlisle to inspect the headquarters and the warehouse of the Cumberland Farm Bureau Cooperative Association. Later, the group is to visit the headquarters and warehouse of the Franklin Farm Bureau, E. Grant St., Chambersburg.

Another group of Adams County farmers is to take part in a second tour of Farm Bureau facilities in Central Pennsylvania in October. A highlight of the celebration will be a farmer roundup at the State Farm Show building, Harrisburg, August 4.

## "Bare" Hunt By Sheriff Fox Fails To Find Frisky Nudes

FREDERICK — Deputy Sheriff Leslie Fox went "hunting for nudes" in the Catoctin Mountains yesterday, but didn't bag any.

Acting on a report that naked girls had been sighted "cavorting" along a stream in the public recreation area, the Sheriff followed the road all the way from Thurmont to President Eisenhower's Camp David without seeing one inch of unduly exposed flesh.

"Most of the ladies I saw even wore dresses," the Sheriff observed afterward in references to the out-dour woman's predilection for shorts.

The officer said he did notice one girl loitering near the entrance to the presidential retreat, but "she was properly dressed."

Source of Story  
Sheriff Fox said that the story of the cavorting nudes had been given him by a "gentleman who

## PRESS SEARCH FOR MYSTERIOUS EXTORTIONIST

FBI Agents and State Police today continued their grim search for the man who attempted to extort \$2,000 from William McClean White, 33 year old Fairfield R. D. resident, but their only statement on progress of the case was a tight-lipped "no comment."

They explained, however, that the "no comment" on the case was forced by an FBI policy forbidding the disclosure of cases in progress.

At least seven FBI men joined state police at one time during the search that has continued since White received a threatening note July 8 directing him to pay \$2,000.

When White received the printed note, mailed through the Fairfield post office, he notified local state police who in turn called the FBI. White was directed to appear to make the "payoff," putting paper instead of money in an envelope and placing it at the spot designated in the note. The designated position was near the Fairfield cemetery, in a lonely lane adjoining a cornfield.

Man Eludes Police  
Police surrounded the spot the night of July 9, when the envelope was placed. A man described as six feet tall, ran from a field, secured the envelope and then ran away with police in full chase. The officers lost him in the cornfield and have been searching for him ever since.

Scores of people have been questioned and several have been asked to print notes in order to compare their printing with that on the extortion note.

Clothing of some male residents of the general Fairfield area has been requested by police for chemical examination during the progress of the case.

No Official Statement  
While police would give no statement on the case, they indicated that there are a number of promising clues in the search for the extortionist. However, they said, no one has been taken into custody, and they indicated that there has not as yet been enough evidence leading in any direction to cause them to believe that case may be completed within hours or even days.

Meanwhile White, who lives with his mother about a mile from Fairfield, was disturbed about one aspect of the case. He feared that the activities of police and FBI in seeking the extortionist would lead residents of the area to believe that he might have some suspicion of them as the persons sought. White appeared more worried about the possibility of that than about possible bodily injury from the extortion.

Red China Puts Snag Into Path For Cease Fire

By EDDY GILMORE  
GENEVA (AP)—The Communists pushed a new obstacle in the path of the Indochina peace negotiations today as Fast and West went into the climactic hours of the long effort to end the Far Eastern war.

Red China's Premier Shou En lai, a French source said, has demanded that the United States sign a "general declaration" supporting and guaranteeing the cease-fire which is generally expected to be signed here before midnight.

The French advised U.S. Undersecretary of State Walter Bedell Smith of this development, but did not ask the United States to change its refusal to sign the agreement.

U.S. Holds Firm  
The United States position has not changed, a spokesman said. Smith told a session of the conference Sunday that the United States would assist in reaching an armistice, but would not sign the final act. Instead, the United States will issue a unilateral declaration pledging support of the agreement under the terms of the United Nations charter.

The issue was one of several still unsettled which brought Soviet Foreign Minister V. M. Molotov, British Foreign Secretary Anthony Eden, Vietnamese Foreign Minister Pham Van Dong, and French Premier Pierre Mendes-France into urgent session today.</

Time alone will tell the story . . . time can solve most anything . . . it's the healer of all heartaches . . . both for pauper and for king . . . time can write a wondrous ending . . . it can change the night to day . . . but, while solving all our worries . . . very heavy does it weigh . . . nothing that we do can move it . . . time is both our friend and foe . . . for when we want it to linger . . . then more swiftly does it go . . . we are slaves to time's dictation . . . time is ruler of us all . . . we must use our seconds wisely . . . wasted time may mean our fall . . . so when looking to the future . . . look with faith and hope as well . . . for what fate may deal tomorrow . . . only time alone will tell.

Two new books were placed on the shelves of the Littlestown Free Lending Library for the month of July. They include "The Carlell Affair" by Mary Deasy and "The Conquest of Don Pedro" by Harvey Ferguson. The library, located on N. Queen St., is open each Monday evening from 6 to 8 p.m.

Approximately 50 persons attended the annual Sunday School picnic of the Centenary Methodist Church held on Saturday afternoon at the home of Mr. and Mrs. Elmer E. Furlow, near town, along the Westminster Rd. A picnic style lunch was enjoyed and group games were played.

Committees for the affair included: Refreshments, Mrs. John Kershner, Mrs. Janette Weibley, Mrs. Edward Harner and Mrs. Wilbur Barton; entertainment, the pastor, the Rev. Herman E. Stenger, Ralph R. Ruggles Jr., Arthur Barnes and Paul Barnes.

## 600 STRIKING MINERS VOTE TO RESUME WORK

WAYNESBURG, Pa. (AP)—Some 600 Nemaacolin miners voted to return to work today, ending a walk-out which idled nearly 15,000 diggers and closed 23 southwestern Pennsylvania coal pits.

The diggers, in a noisy, argument-filled meeting last night, heard John Yablonski, the personal representative of United Mine Workers President John L. Lewis, recommend they return to work. Yablonski told the men he had obtained a verbal agreement which settled a seniority dispute over which the Nemaacolin miners quit 13 days ago.

Other miners in the district honored roving picket lines set up by the Nemaacolin workers. UMW leaders had said the strike was unauthorized. Youngstown Sheet & Tube Co., which owns Nemaacolin, had refused to negotiate while the strike was on.

Nemaacolin miners return to the pits today, and other mines will reopen tomorrow if work schedules can be prepared in time.

#### Dispute Layoffs

Several months ago, 235 miners at Nemaacolin were laid off because of lack of orders. The union said the company ignored seniority in furloughing 90 of the men.

Yablonski said the company had agreed to rehire the 90 on a rotation basis. He added he plans to meet with the company Thursday and arrange a formal agreement on new seniority clauses in the contract. James Cole, president of the Nemaacolin local, and a committee from the local also will attend the session.

Last night's meeting was crowded with standees as 600 men tried to get into a hall which holds only about 350.

## 2-Year-Old Dies Of Cancer Monday

BINGHAMTON, N. Y. (AP)—Two-year-old Joey Russell of Hallstead, Pa., died yesterday, nine months after the discovery that he had a cancer brought offers of aid from neighbors in three Pennsylvania communities.

Joey died in City Hospital after the last of a series of operations. The illness was discovered when he was being examined for injuries after falling from a chair in his home.

In February, residents of Hallstead, Great Bend and New Milford, Pa., held a "Joey Russell Day" and raised more than \$1,000 for his medical care. Neighbors took turns driving Joey to Binghamton for his periodic examinations and treatments.

Joey was the son of Mr. and Mrs. John Russell. Russell is employed by International Business Machines Corp. in Endicott.

## WESTINGHOUSE IS JOB HUNTING

SUNBURY, Pa. (AP)—Westinghouse Electric Corp. is trying to find employment for 780 workers who will be idled when the big company closes its television and radio assembly plant here.

The electric appliance company announced last April it was going to close the plant—one of the biggest in this central Pennsylvania community of 15,570. The firm said it was doing so for efficiency reasons.

Yesterday Westinghouse said it has hired the Fantus Factory Locating Service of New York to try and find an industrial firm which would take over the plant and insure continued employment for the workers.

As an inducement, Westinghouse has offered to pay the plant rental fee until February, 1956. That's when Westinghouse's lease expires. But the company specified that any firm taking over must have employment for at least 1,000 persons.

The locating service now is busy making a survey of the town's natural resources, its geographical advantages, transportation and ed-

## SCRIBE HOLDS DIM HOPES FOR SOLON REBUKE

By JAMES MARLOW  
WASHINGTON (AP)—When he bats against Sen. McCarthy (R-Wis.) in the Senate league, Sen. Flanders (R-Vt.) needs a team and a scorecard. There's no sign he has a team. And he's learning the score the hard way.

He has swung twice and missed. There's a good chance he'll strike out. For months Flanders has been after McCarthy with Senate speeches and television statements that got headlines. For all their effect on the Senate it was like a batter warming up with popflies. But Flanders apparently felt ready for the big try. He asked the Senate to vote McCarthy out of his committee chairmanships, which would be a shattering rebuke.

**Sense Of Survival**  
Senators, being politicians, have a heightened sense of survival. Once they started something like this in motion — taking a senator's chairmanship away — it might happen to them someday.

Behind closed doors a group of Senate Republicans who plan their party's strategy in the upper chamber — the Senate's Republican Policy Committee — decided to tell Flanders about the facts of politics. They voted against his resolution, in effect killing it before it had a chance to be debated on the Senate floor. He couldn't fight McCarthy and his own party's policy committee too. He dropped his resolution in a hurry.

**Postponed Again**  
Undaunted, Flanders stepped up to the plate again, took another swing, and missed again. This time

## Boy, 3, Burns To Death In His Room

PHILADELPHIA (AP)—Three-year-old Francis Wilson was found burned to death last night in his locked bedroom. Firemen said the room was strewn with matches.

The boy was pronounced dead at Presbyterian Hospital. An uncle, Josiah Wilson, 14, and a brother of the dead boy, David Wilson, 18, were overcome by smoke in an adjoining room.

The two older boys were revived at the scene and did not require hospitalization.

he asked the Senate simply to pass a vote of censure against McCarthy. The vote was supposed to be taken today.

Late yesterday Flanders decided to postpone his request for a censure vote from today until July 30. This was one of the reasons he gave.

That the "Republican leadership" expressed concern that throwing the censure question into the Senate now might snarl up its efforts to get through with its regular work by the end of this month.

But since Flanders is now going to wait until the end of the month to ask for censure of McCarthy, a milder rebuke than taking his chairmanships away, it stands a good chance of being trampled to death in the Senate's last-minute rush to go home.

## MILK CO-OP. PLANS PICNIC

Arrangements have been completed for the first Inter-State Milk Producers Co-Operative picnic in Adams County. E. C. Dunning, Chambersburg, field representative, has announced. The picnic will be held July 28 from 10 a.m. to 3:30 p.m. at the South Mountain Fairgrounds, near Arendtsville.

Since most of the members of the Dairy Herd Improvement Association of Adams County are also members of the Inter-State Milk Producers Co-Operative, it was decided that the Adams County unit be invited to join the co-operative in the picnic.

Speakers will be A. R. Marvel, Easton, Md., president of the co-operative; Richard S. Doughty, Philadelphia, in charge of products control of the Philadelphia Dairy Products Co., and Frank S. Zettle, county agent of Adams County. Zettle will speak in behalf of the dairy herd improvement association.

Picnic committees include: General, John K. Mansberger, York Springs R. 2; Earl A. Lady, Biglerville; M. G. Rouzer, Guernsey, and Stuart A. Lucabaugh, Hanover R. 3; registration, George L. Haenn, Gettysburg R. 1; C. D. Reinecker, York Springs R. 2; Joseph A. Stoner, East Berlin R. 2; H. Russell Grove, Gardners R. 2; M. T. Walter, Biglerville R. 2; John K. Mansberger, York Springs R. 2, and William J. Barbour, Biglerville R. 1, and refreshments, Arthur J. G. Ebbert and Earl H. Smith, both of Biglerville R. 1.

### FIFTY YEARS AGO

**Press League Visits Gettysburg:**  
The Press League of Bucks and  
Montgomery counties arrived here  
Thursday evening in a special car  
attached to the 9:05 train. The party  
numbered 67 and were quartered  
at the Eagle.

Friday was spent in going over  
the field under the guidance of  
Capt. Luther W. Minnigh. Saturday  
morning the party enjoyed a trolley  
ride and at 10:23 they left in a  
special car for Pen-Mar where a  
business meeting was held. They  
returned to town in the evening  
and left Sunday afternoon in a  
special train for home.

The party was greatly delighted  
with their visit here and no doubt  
the press of Bucks and Montgomery  
will sparkle with interesting sayings  
about our historic town.

**Read And Reflect:** Where are you  
going Saturday evening, July 30th?  
Why not attend the festival held  
by the young people of the Great  
Conewago church, Hunterstown?  
Contrary to their usual custom,  
they are going to ask you to give  
some cash in exchange for sweets.  
Money is much needed and a treat  
will not bring the desired result,  
that is why they are going to hold  
a festival. Go if you can, and take  
your friends along.

**Party For Guest:** Mr. and Mrs.  
Charles G. Rowan gave a very  
delightful party on Tuesday night  
at their home, "Grey Gables," in  
honor of their guest, Charles Mc-  
Elhenny, of Washington, D.C. About  
25 persons were present and a most  
pleasant evening was spent. Most  
inviting refreshments were served  
in Mr. and Mrs. Rowan's able man-  
ner.

**New Statue:** A beautiful life-  
sized statue of the Sacred Heart was  
placed in the Sanctuary of the  
church of the Immaculate Conception,  
New Oxford, last week. The statue  
was imported from Italy and was  
presented to the church by Mr.  
and Mrs. Edward Kaiser, of Mount-  
pleasant township.

**Spilled The Milk; Broke The Eggs:**  
A young daughter of Worthington  
Kohler, of Mountpleasant township,  
met with a mishap the other morn-  
ing. She was delivering produce to  
the New Oxford creamery and when  
near the building she drove over a  
large stone, upsetting the vehicle.  
All the milk was spilled, a large  
number of eggs broken and the  
wagon slightly damaged.

**Pantry Shower:** Last Thursday  
evening about 125 of his parishioners  
surprised Dr. Clutz, pastor of St.  
James Lutheran church, with a  
"Pantry Shower." After a social chat  
of half an hour, the company ad-  
joined to the lecture room of the  
church, when a few speeches were  
made interspersed with music.

**Purchased Another Hotel:** Frank  
Eberhart, owner of the Eagle Hotel,  
and who conducted the same until  
recently, has purchased the Carrol-

suburb of Atlantic City. The hotel  
is undergoing renovation and when  
completed will be named the Bald-

hotel to several New York gentle-  
men, the rental sum being \$40,000  
for five years.

## Today's Talk

### ORDER

Order is one of the first laws of  
the universe. If there were no or-  
der among the stars, the planets,  
and other bodies in the solar sys-  
tem, there wouldn't be any of us!  
There must be order or there can  
be nothing permanent or success-  
ful. Order in the home, in the city,  
state, and nation is absolutely es-  
sential.

A business without order and  
system would not last long. Amiel,  
the Swiss scholar and writer,  
noted this in his diary: "Order  
means light and peace, inward lib-  
erty and free command over one's  
self; order is power. Order is  
man's greatest need."

We are immediately affected by  
an orderly place. As soon as we  
step into it we are made aware  
of its strange influence. Every  
worker seems to add to its effi-  
ciency. There is a place for every-  
thing. Desks contain nothing but  
the work for the day. No left-overs  
there. One thing at a time. If  
we lived more orderly lives we  
would be much healthier, for we  
would do less worrying and our  
nervous system would respond to  
our wants without wear and tear.  
And we would be happier as well.  
People get confused when there  
is no order and no leadership. This  
has happened many a time in  
war. And it happens daily in our  
individual lives and in the world  
at large. The importance of order  
is evidenced everywhere. Nature  
remains true to it.

Emerson touched upon this idea  
of order in his essay on "Self-Reli-  
ance." He said: "The great man  
is he who in the midst of the  
crowd keeps with perfect sweet-  
ness the independence of solitu-  
de." To do this a person would  
have to be orderly and full of con-  
fidence. He himself would have  
to be in full command. Military  
life teaches one good thing and  
that is order. Every soldier has  
to bow to it. So does every officer.  
The origin of waste is in a lack  
of order.

Tomorrow Mr. Adams will talk  
on the subject: "Gratitude"

**LITTLE GIRL**  
A little girl of two or three  
is just as nice as she can be.  
Or so she always seems to me.

She'll run her fingers through  
your hair,  
And jolly stain the tie you wear.  
Climb on your knee and settle there.

She'll make you read her story book,  
Then scream, as though you were  
a croak,  
If just one word you overlook.

### Young Motorist Is Killed In Crash

PHILADELPHIA (AP)—A 17-year-  
old boy was killed and two other  
teen-agers injured on Sunday when  
a car crashed into a tree in sub-  
urban Gladwynne.

The victim was Thomas Martin  
Hilberts, driver of the car and son  
of a Cynwyd physician.  
Earnest O'Connell, 16, of Penn  
Valley was taken to Bryn Mawr  
Hospital in serious condition with  
a fractured skull, internal injuries  
and cuts and bruises of the face  
and body.

Joseph Winters, 15, Narberth,

and a chest injury.

Lower Merion Twp. police said  
Hilberts failed to negotiate a turn.

**Feet Badly Burned:** A three-year  
old daughter of Oliver Thumma, of  
Huntington township, burned her  
feet very badly one day last week.  
The child climbed up on the plate  
of a cook stove upon which some  
cherries were cooking and in at-  
tempting to reach them she burned  
the soles of her feet in a very pain-  
ful manner.

**Dug Watch From Ground:** One  
day recently while Althoffe Bush-  
man was digging around an old tree  
on his farm in Cumberland township  
he unearthed an old watch, no doubt  
belonging to some army officer, the  
crystal and even the hands being in  
good condition. It was found where  
the Twelfth and Second Corps hos-  
pital were encamped and is no doubt  
the property of some Union officer.

## Farmers Will Decide Friday Whether To Take Quotas On Wheat; Acreage Is Reduced

By FRANK S. ZETTLE

Adams County Farm Agent

Wheat growers of Adams Coun-  
ty, along with those throughout the  
country, will vote July 23 to de-  
termine whether the wheat mar-  
keting quota program will continue  
in operation for the 1955 crop. In  
accordance with the law Secretary  
of Agriculture Ezra Taft Benson  
has proclaimed marketing quotas  
on the 1955 wheat crop. A year ago  
the National wheat growers voted  
390,221 to 57,536 in favor of the  
quotas now in effect on the 1954  
crop.

A national wheat acreage allot-  
ment of 55 million acres has been  
announced also by the Secretary.  
The 1955 acreage announced is a  
reduction of 123 per cent from the  
62 million acreage allotment for  
1954 and of 30.2 per cent from the  
78.6 million acres harvested in  
1953. The Pennsylvania allotment  
for the 1955 wheat crop is 639,371  
acres as compared to 723,064 acres  
for the 1954 crop.

Growers with more than 15 acres  
planted to wheat are subject to the  
quotas. These growers are eligible  
to vote on July 23 in a referendum  
on whether to accept marketing  
quotas. Two-thirds of the votes  
cast must be in favor of the mar-  
keting quotas to put them into ef-  
fect.

**Penalty for Violators**  
If growers approve marketing  
quotas in the referendum, price  
supports on the 1955 crop will be  
available to cooperators at the  
level set by Congress. If farmers  
vote not to accept the marketing  
quotas, price support will be 50 per  
cent of parity. If quotas are ap-  
proved, growers who exceed them  
will be subject to a penalty of 45  
per cent of the parity price of  
wheat for that part of their pro-  
duction which is in excess of the  
quota.

Because of new provisions re-  
lating to acreage allotments and  
price supports, it is important that  
every farmer understand the fol-  
lowing points and decide how he  
will plan to meet the situation:  
"First, there will be wheat acre-  
age allotments regardless of how  
farmers vote on marketing quotas.

**Comply With Allotments**  
"Second, it will be necessary for  
farmers to comply with the acre-  
age allotments for all allotment  
crops (wheat, corn, and tobacco)  
to receive price support for any  
one of them.

"Third, where acreage allot-  
ments will call for diversion of  
more than ten acres from the pro-  
duction of allotment crops in 1955,  
there will be a total acreage allot-  
ment for the farm. The total acre-  
age allotment will include all crop  
acreage allotments established for  
the farm and the 1953 acreages  
(or adjusted acreages) of all crops  
on the farm except hay, cover  
crops, green manure crops, pas-  
ture, idle crop land, and summer  
fallow. Producers must keep with-  
in the total acreage allotments  
where one is established for their  
farm in order to be eligible for  
price support on any crop.

"The details concerning this pro-  
gram will be made available at  
the local Agricultural Stabilization  
and Conservation office on York  
St., Gettysburg.

**Vegetable Week**  
Vegetable growers and the con-  
suming public will have good reason  
to celebrate National Vegeta-  
ble Week, July 29 to August 7.

Included in the parade of vege-  
tables from Pennsylvania Farms  
will be at least 20 of nature's finest  
foods. Leading this parade will be  
cabbage, sweet corn, and toma-  
toes. These three vegetables soon  
will be arriving in local retail  
stores and will be at their peak  
during National Vegetable Week.

**Lice, Mites Problem**  
Many poultrymen in the county  
have wondered why the pullets on  
range seemed to lack thrift or  
failed to develop properly. Many  
causes might be given but one  
that is commonly neglected may  
be at fault in many flocks today.

When the pullets are restless on  
the roosts at night other predatory  
animals may be bothering the  
flock but most times it will be the  
little red mites. Check the perches  
for the presence of mites. How  
they got there may remain a mys-  
tery. The fact is they can be there  
and can do a lot of harm.

These troublesome parasites are  
as easily controlled in range shel-  
ters as in the laying pens. Roosts,  
nearby studding, or walls are  
painted or sprayed with a mite  
repellent or paint, wood-preserv-  
ing creosote, used engine oil, or  
kerosene. The job is best done  
early in the morning, as soon as  
the pullets have left the building  
in order that the material can soak  
into the wood before the birds go  
to roost again at night.

**One Treatment Destroys**  
Handle a few pullets to satisfy  
yourself as to the presence of lice.  
The nicotine sulphate treatment  
used to destroy lice is adminis-  
tered to the roosts in the same  
manner as with the laying flock  
and is equally effective. It should  
be repeated in ten days to get the  
new crop hatched between treat-  
ments. Prompt action will get rid  
of these saboteurs to pullet health  
and vigor, to the economical use  
of feed, labor and equipment  
now and later in the laying pens.

### Man Drowns Trying To Save His Son

WILLIAMSTOWN, N.J. (AP)—A  
Darby, Pa., man drowned on Sun-  
day in Victory Lake while swim-  
ming to the aid of his eight-year-  
old son who was shouting for help.

Drowned was Bart Evans who  
doctors said apparently suffered a  
heart attack after diving from a  
rowboat. Evans' son, James, mean-  
while was pulled to safety by  
Dorothy Sili, who was canoeing  
on the lake located five miles  
southwest of Williamstown, Glou-  
cester County.

Policeman Maurice Jones of  
Monroe Twp. said the child was  
about 50 yards from shore when  
he apparently stepped into a deep  
hole and sank, momentarily, under  
the water.

The elder Evans, hearing the  
cries, jumped into a rowboat and  
started toward the boy. Others also  
rushed toward the scene. But  
Evans, reaching James first,  
jumped into the water. When he  
failed to come up Miss Sili grabbed  
the youngster.

### Gets Photo Of Seal, Tire Around Neck

HUGH TOWN, Scilly Isles (AP)—  
A photographer who got a closeup  
shot on Monday of Sally, the seal  
with a tire around her neck, said  
the animal seems to be thriving  
despite her strange necktie.

"The tire does not stop her from  
diving," said Robert Haswell, who  
makes pictures for the Daily Her-  
ald. "The only risk is that if she  
grows fatter, the tire might choke  
her. But she looks full grown al-  
ready—about six feet long and  
weighing around 500 pounds."

Fishermen spotted Sally three  
weeks ago. An inspector for the  
Royal Society for the Prevention  
of Cruelty to Animals has since  
made repeated attempts to capture  
her and take the tire off.

## Mine Workers' Fund Boycotts Hospital

EBENSBURG, Pa. (AP)—The  
United Mine Workers Welfare and  
Retirement Fund, which supplied  
more than half of the patients at  
Miners' Hospital, is standing firm  
on its refusal to send any more  
patients there as long as State  
Sen. John J. Haluska (D-Cambria)  
is administrator.

The hospital at nearby Spangler  
is operating today far below its  
165-bed capacity. There are about  
30 patients at the hospital. The  
16 doctors at Miners are working  
under a court order. They had  
threatened to walk out last Thurs-  
day if Haluska wasn't fired or  
wouldn't quit.

The UMW Fund was not involved  
in the court fight between doctors  
on the one side and the senator  
and the hospital trustees on the  
other.

The court order, issued by visit-  
ing Judge John H. Pentz, re-  
strained the doctors from resign-  
ing and directed Sen. Haluska to  
avoid contact with the staff.

The UMW Fund stopped sending  
patients to the hospital July 1. Dr.  
F. H. Arestad, medical director  
of the agency in the area, told  
newsmen Friday the court order  
had no effect on the UMW Fund's  
position.

### Totem Pole Plays Popular Comedy

The Totem Pole Playhouse is pre-  
sented the Broadway hit of two  
seasons ago, "The Time of the  
Cuckoo." Originally starring Shirley  
Booth, it was praised by the critics  
as "one of the most outstanding  
dramas in recent years" and proved  
to be popular as both a comedy and  
a drama.

Sada Thompson, who will be re-  
membered for her success in the  
title role of "Peg O' My Heart,"  
plays Leona Samish, a middle-aged  
American school teacher who is  
seeking romance and adventure on  
her short stay in Venice. As Renato  
DiRossi, the debonair ne'er-do-well  
Italian with whom she falls in love,  
Lou Frizel makes his first appear-  
ance of the season at Totem Pole.  
Their relationship forms the basis  
of the play, which illustrates "the  
trials and tribulations of tourists  
who can never quite get ahead of  
the canny natives, and the plight  
of woman desperate for love and  
romance."

Also featured in the cast are Jo-  
sephine Nichols, Lois McKim, Doug  
Robinson, Leon Ward, Alma Lind,  
Shirley Buttitta, and Jordan Brown.  
"The Time of the Cuckoo" can be  
seen nightly this week through Sat-  
urday at 8:40 o'clock with a matinee  
on Wednesday at 2:30 p.m. It is  
directed by William H. Putch, with  
settings by Gary Smith.

### Dimout Would Be Used; Not Blackout

WASHINGTON (AP)—The blackout  
curtains that became a costly and  
cumbersome fixture in many  
American homes during World  
War II will be abandoned in any  
future emergency.

Military and civil defense offi-  
cials announced Saturday night  
that window shades and venetian  
blinds will do an adequate job of  
controlling "sky glow" in the event  
of enemy attack.

A plan for reducing by 75 per  
cent the light deflected skyward  
by the normal lighting pattern of  
a modern city was disclosed. It  
directs a dimout rather than a  
blackout.

The first American League play-  
er to attain 10-year status this  
season was Cass Michaels of the  
Chicago White Sox. He became a  
10-year man April 22.

conviction involving the death of  
five women in the crash of a bus  
and truck on the Pennsylvania  
Turnpike.

Francis J. Garoff, Philadelphia,  
was released from prison yester-

Judge Walter Sohn granted the

## Maternity Ward Of Ashland Hospital Closed To Patients Because Of Babies' Illness

patients to the maternity ward

## Next Ten Days May Be Decisive In American League Race; Chisox Meet Yanks 7 Times And Tribe 3

By BEN PHLEGAR

AP Sports Writer

The next 10 days can go a long way in deciding the American League pennant chances of the Chicago White Sox.

During that spell the Sox face the New York Yankees seven times, starting tonight in Yankee Stadium. The Yankees trail first-place Cleveland by half a game. The White Sox are another four lengths back.

It's going to be a long hard road for Paul Richards' Go-Go Boys, but their four-game sweep over the Indians just before the All-Star break convinced a lot of fans the Sox still are a big threat.

### Yanks Meet Indians Too

The Yankees are the big stumbling block. In 12 meetings so far the White Sox have come out on the short end eight times. Against every other team, including Cleveland, Chicago holds a winning edge.

Sandwiched in between the home-and-home series with Chicago, the Yankees meet Cleveland in a three-game set in New York over the weekend.

It could turn out that the recently revived Boston Red Sox will hold the immediate key to the first-place scramble. While the White Sox are playing the Yankees, the Indians will be meeting Boston. And when Cleveland switches to New York, Chicago goes to Boston.

### Giants Shut Out

The Indians and Yanks both won yesterday. Chicago had the day off. Cleveland defeated Washington, 4-3. New York whipped Detroit, 8-0. Boston won a pair from Baltimore 9-7 and 8-5.

In the National League, Harry Perkowski of Cincinnati pitched a 12-inning, three-hit shutout over the league-leading New York Giants, winning 1-0 on Hobe Landrith's home run. Second-place Brooklyn also lost, 9-4 to Chicago. St. Louis beat Philadelphia 5-1 and Milwaukee defeated Pittsburgh 4-1.

The big thriller was in Cincinnati, Perkowski, a left-hander who had lost seven out of eight decisions this year, pitched brilliantly against the Giants. He walked five, struck out six two of them in the 12th inning, and was in danger of being scored upon only in the seventh when Monte Irvin led off with a double against the scoreboard. Irvin, however, was picked off second. Whitey Lockman doubled with two out in the second. Al Dark beat out an infield single in the 11th.

### Brooks Lose To Cubs

Brooklyn put on one of its worst fielding performances of the season, committing five errors, in losing to the Cubs for the first time in 10 games.

Peace and quiet reigned at Busch Stadium in St. Louis, scene of Sunday's riot, as the Cardinals whipped the Phillies. Rookie Brooks Lawrence scattered 10 hits in winning his fifth game since joining the Redbirds less than a month ago.

In Milwaukee, Jim Wilson continued to defy the jinx that's supposed to dog no-hit pitchers, as he won his seventh straight game. He limited the Pirates to three hits.

### Allie Is Back

Allie Reynolds, back in action after a hip injury, stopped Detroit on three hits for his 10th in a row after losing his first decision. The Yankee attack included Willie Miranda's second major league home run and Mickey Mantle's 19th homer of the season.

Cleveland had to struggle against the Senators. Manager Al Lopez employed three pitchers to check a Washington threat in the ninth. Dale Mitchell's pinch single in the seventh drove in the winning run.

Home runs accounted for both Boston triumphs over Baltimore. In the first game veteran Mickey Owen climaxed a six-run rally in the ninth with a grand-slam drive. In the nightcap the Sox came from behind with five homers. Jackie Jensen hit a pair and Ted Williams, Milt Bolling and Jim Pier-sall hit one each.

## BILLY GRAHAM UNHAPPY OVER SPLIT DECISION

NEW YORK (AP)—"When you get licked by a potato like that, it makes you think about quitting," Billy Graham, admitting he will be 33 at his next birthday in September, was a thoroughly disgusted man as he sat in his ring togs last night after losing a split decision to Danish Chris Christensen.

"When a guy like this hit you, wrong," he said. "You ask yourself, 'Why don't you counter?' Right now I feel let down. I thought I won the fight 6-4 but I am disgusted."

"I'll know in a few days about fighting again. After I sit down and have a talk with Irving (Irving Cohen, his manager)."

**Looked Ring Rusty**  
Graham looked ring rusty in his second fight in seven months. He was slow and missed often against the faster Dane, who kept pouring leather at him through the 10 rounds at Brooklyn's Eastern Parkway. Christensen showed no solid power with his flicking punches, often resorting to a backhand right, but he was too quick and too busy for the New Yorker, who came within a whisker of winning Kid Gavilan's welter title back in 1951.

Referee Teddy Martin voted for Christensen 5-4-1 and Judge Dave Stewart, 6-3-1. The other judge, Bert Grant, scored it for Graham 5-4-1.

Graham weighed 150, Christensen, 148.

Al Andrews, who won a unanimous decision from Sauveur Chioeca of Corsica in the feature 10 at St. Nicholas Arena, headed back for his home town, Superior, Wis., for a vacation.

"He's tough to fight," said Andrews, who weighed 153 to Chioeca's 146½. "He can tie you up on the inside and he throws a pretty good punch. I'd like to fight him, but until I get someone to fight there, I'll do some roadwork and box with the amateurs."

He was elected to the Associated Press' Little All-State second team, the highest honor ever accorded a Blue and Gold hooper.

This summer Cross is working as a counselor at a boys' camp in the Philadelphia area.

## Lincoln Speedway Lists Six Races

With Junie Taylor, Conowingo, outshining the rest of the field in the Penn-Mar Racing Association, a "stop Taylor" cry will echo through the Lincoln Speedway this Friday when stock car action returns to the half-mile oval near Abbottstown. Starting time for the six events, including a 25 lap feature, will be 8:30 p.m. Taylor took his sixth feature in his last eight starts last week as he continued his sensational brand of crowd-pleasing driving.

Junie Goug, Rising Sun, was Taylor's closest competitor in last week's feature and he copied second money. Another Rising Sun driver, Sid Henkle, finished in the show position with Lancaster's Bussy Richardson in the fourth spot.

Vic Nauman Jr., Elizabethtown, moved fifty points ahead of Walt Ragan in their battle for the points leadership in the Penn-Mar group by winning the first heat. An accident in the feature forced Nauman out of the race long enough so that he finished 12th.

For some time, had become a nesting place for rats and that they had chewed through some of the controls.

Having flown B-29s, he volunteered for duty flying the 82-ton Stratocruisers and first had the job of flying them to Germany, then was switched to the Korea-Japan-U.S. air evacuation duty and then was returned to the Germany run.

Sixty-four attended Monday's meeting, with President Roy Hammond presiding. Mares Sherman led group singing with Dr. Jacob Heikkinen at the piano.

Moose vs. VFW, 8 p.m.  
The VFW downed the Texas Lunch 7-2 Monday evening in a snappy Softball League game and moved into a tie for first place with the lunchmen.

In the second inning the Vets took the lead with a run on Steinour's double, a sacrifice by Greiner, and a fly to the outfield by Hixon. A home run by Kennell knotted the count in the third and another homer by Bartholomew put the lunchmen on top 2-1 in the fourth.

The Vets pushed over two runs in the sixth and sewed up the game with four tallies in the final frame, the big blows of which were Steinour's circuit smash and a double by Buckley.

The American Legion put on one of its strongest attacks of the season in the second game and drubbed the Eagles 21-7 in a game halted after six innings due to the 10:30 curfew.

Codori, McKenrick and Decker each collected three hits for the winners while Hawn and Forsythe secured two apiece for the Eagles.

The seventh-place Allentown Redbirds of the Eastern Baseball League last night lay down a barrage of hits befitting a pennant contender.

The Birds numbered two doubles and a home run among their 15 safe blows as they trounced the visiting Williamsport Grays, 10-5, in the league's only scheduled game.

First baseman Fred Koenig smacked the home run while right fielder Bob Zuccarini and starting pitcher Fred Hengeveld chimed in with the doubles. Center fielder Emil Panko of the sixth-place Grays also hit a homer.

The victory went to Dave Manier, who took over from Hengeveld in the sixth to notch his first victory in three decisions. Nick Genesta, second of three Grays' pitchers, was charged with the defeat.

RELATIVES OF 3 PA. HUNTERS IDENTIFY BITS OF BELONGINGS

PERCE, Que. (P)—Relatives of three Pennsylvania hunters slain near here last summer identified various courtroom exhibits last night as belonging to the dead Americans.

The relatives, witnesses for the prosecution, took the stand at the murder trial of prospector Wilbert Coffin. It was the first day of testimony.

The bear-ravaged skeletons of the three hunters—Richard Lindsey, 17, of Hollidaysburg, Pa.; his father Eugene, 48; and Albert Claar, 20—were found in the dense Jaspé woods last July, a month after they entered the bush. The remains were scattered over a wide area.

**Widow Testifies**

The 43-year-old Coffin is charged specifically with the murder of the young Lindsey.

First to testify yesterday was the widow Lindsey's 43-year-old widow, Richard's mother. She said the last word she received from her son and husband was a postcard dated June 11, 1953, saying they and

Claar were ready to enter the woods.

She identified a stove and kerosene container as belonging to the party and a knife, watch, ring, belt, cap and three shirts as her son's property. She also recognized pictures of the hunters taken from their camera but could not identify the camera nor a pair of binoculars.

**Hold Night Session**

Clarence Claar, 47-year-old father of Albert, identified four rifles found beside the bodies—two as the property of Richard and two owned by the other victims.

Later—in a special night session—Claar identified a pair of binoculars as those the hunters had when they left Hollidaysburg July 9. He identified a stove exhibited earlier to Mrs. Lindsey as one he and the elder Lindsey used during a trip to Gaspé in 1951.

Judge Gerard Lacroix called the night session to hasten presentation of preliminary evidence. Translation of all questions and testimony for the jury of six English-speaking and six French-speaking members had slowed down the pace of the trial, which started Thursday.

**Coffin Is Haggard**

The last two jurors were selected earlier yesterday from some 300 men drawn from points within a 40-mile radius of this summer resort.

Coffin appeared haggard and frowned as the hunters' articles were brought into the courtroom. He sat in the prisoner's dock, dressed in the same gray tweed jacket, brown trousers, blue shirt and brown tie he wore the day his trial opened.

Albert Claar's 55-year-old mother and his 18-year-old sister, Evelyn Jean, and Donna Lindsey, 21, sister of Richard, took the stand at the night sitting to identify some of the 34 articles exhibited by the crown as belonging to the hunters.

Each person in North Carolina consume an average of 100 quarts of milk a year.

Comedian Groucho Marx and his bride, the former Edna Hartford, of Beverly Hills, Cal., stand on balcony of Sun Valley's famed Lodge after wedding (July 17). With them is Groucho's daughter, Melinda, 7. Groucho is 58, his bride 24. (AP Wirephoto)

MRS. THORNE TO BE CALLED FOR INQUEST

CHICAGO (P)—The mother of Montgomery Ward Thorne will be recalled at his inquest to testify about her whereabouts on the day his body was found.

This was announced by Coroner Walter McCarron yesterday.

Meanwhile, stained bedding and other articles found in Thorne's room after his mysterious death July 19 were turned over to a team of four pathologists for examination and analysis.

**Went To Dog Show**

Two housemaids, Elizabeth Lawton and Sheila de Leon, testified at the inquest that Mrs. Thorne went to nearby Lake Geneva, Wis., to attend a dog show at about noon on the day Thorne's body was found.

They said she returned when they notified her by telephone of her son's death.

The body of 20-year-old Thorne was found in his \$75-a-month room about noon and doctors estimated he had died about 5 a.m. Nine days before his death, 29.

Thorne, heir to a mail order fortune, revised his will leaving three fourths of his estate to his sweetheart, Maureen Ragen, 18, and her mother Aleen.

**Valuable Evidence**

His mother, who was sole beneficiary under an earlier will, was given only a one-eighth share.

The articles the pathologists will examine include a bed sheet, mattress pad, a handkerchief, a wad of cotton, part of a cigarette and a portion of what appeared to be a pill.

One of the pathologists, Dr. Otto Saphir, said the articles "may be very valuable evidence" in helping determine the cause of Thorne's death.

The inquest was continued to July 26.

**WINS LEGION AWARD**

PHILADELPHIA (P)—The official newspaper of the Pennsylvania Department of the American Legion, "The Pennsylvania Legionnaire," has won first place in a national newspaper contest sponsored by the American Legion Press Assn.

In a letter to Phil Bucco, editor of the Legionnaire, Secretary Jack R. C. Cann of Indianapolis said the State Legion will receive a plaque at the Press Association's annual banquet in Washington Aug. 29.

U.S. PRESTIGE IN VIET NAM AT NEW LOW NOW

SAIGON, Indochina (P)—American prestige in Viet Nam, largest of the states of Indochina, appears to have hit its lowest ebb since World War II.

Until a few days ago, the United States could still count on the friendship of some element of the population—anti-Communist Vietnamese in the North and the Nationalist government of Catholic leader Ngo Dinh Diem.

But reports from Washington that President Eisenhower's administration now accepts the principle of partition of the country seem to have wiped away much of this good will.

**Stand Discredited**

In the closing days of the Geneva conference and on the verge of a possible cease-fire in the long and exhausting war, the United States stands discredited in the eyes of many elements of the population.

It was to save this population from communism that the United States contributed billions to the Indochina war effort against the Vietnamese and substantial civilian aid now being directed to help the hapless refugees of evacuated areas in the North. The general feeling in Viet Nam now appears to be that the United States didn't do enough, and much of what it did wasn't done right.

The aid program, for example, is a major cause of dissatisfaction among Vietnamese nationalists.

**Lacks Consistent Policy**

"Instead of giving us aid money and materiel through the French, why doesn't the United States turn it over directly to us?" one prominent Vietnamese asked recently.

"In this way Viet Nam would be able to stand on her own feet, feel herself really independent, and the impression that the United States is siding with France in an attempt to keep us under her control would be eliminated."

The principal reason for the decline in the American position here, as summarized by Frenchmen and their Vietnamese allies, is the apparent lack of clear and consistent U.S. policy, and Washington's uncertainty in dealing with the Indochina situation. Vietnamese, who don't know the intricacies of American party politics, are repeatedly confused by the conflicting statements coming from leaders in the United States.

## WIDOW OF MAN SLAIN BY SMALL BRINGS SUIT

DETROIT (AP)—A quarter-million-dollar damage suit against Dr. Kenneth B. Small has been filed by the divorced wife of the man he killed, Jules M. Lack, New York businessman.

Only last Saturday, the 31-year-old Detroit dentist was found innocent by reason of insanity in the May 29 pistol slaying of Lack, his pretty wife's suitor.

The suit, filed in Wayne County Circuit Court yesterday, asks damages of \$250,000 in reparation for the lost potential earnings of the shooting victim and as compensation for the "pain and suffering" of Lack's two sons, John, 9, and Andrew, 7. It was brought by Mrs. Jean A. Lack of New York, ex-wife of the late industrialist, and David C. Lewis.

Must Prove He Was Sane  
Mrs. Lack and Lewis are co-administrators of Lack's estate.

Lack, 45, was shot to death by the handsome society dentist during a Memorial Day weekend rendezvous with dark-eyed Mrs. Edith Small in southwestern Michigan.

Still in jail at Allegan, where the trial was held, Dr. Small said: "Seems to me that after the ruling of the jury they couldn't sue an insane man. Where would I get that kind of money? It sounds like baloney to me."

Allegan Atty. Leo Hoffman, who successfully defended Dr. Small, said the plaintiffs would have a tough time trying to make a case.

"They must prove that the trial verdict was wrong and that Dr. Small was not insane when he shot Lack," the attorney said.

## ROB BOXER OF \$1,500

PHILADELPHIA (AP)—Middle-weight boxer Joey Giardello told police burglars broke into his South Philadelphia home over the weekend and stole \$1,500 in cash.

The theft was reported on Sunday when Giardello, whose real name is Carmine Tilielli, returned from a weekend visit in Brooklyn with his wife, Rosalie, 22, and their two children.

Almost every room in the six-room house had been ransacked.
